Essences

High Spirits™

High Spirits essences are made using only the finest quality ingredients available, including special smoothing agents for liqueurs, to produce the highest quality spirits and liqueurs possible. By increasing the volume of essence we are able to provide more robust flavor with more subtle nuances, resulting in more true-to-style finished products. Packing in printed, bottle shaped foil pouches provides a great look while dramatically reducing the shipping weight and cost.

High Spirits Liquor Essences

40ml (makes 750ml)

Per Pouch 1.99

21000100 Emerald Gin	21001000 Amaretto

Prestige Ultra Premium Essences

The Prestige Ultra Premium Essence line uses a different solvent able to extract and hold oils that our standard base cannot. The result is the pinnacle in essence quality, and the final liquor.

The Ultra Premium Essence line replaces the Alcohol Based line of the past. The Ultra Premium line is an entirely re-development of the previous essences, using the highest grade raw materials available today.

Per Bottle 3.39

Turbo Yeast

High Spirits™

High Spirits Turbo Yeasts and Specialty Yeasts are the result of more than three years of development, and are made using only the highest quality ingredients available. They have been supplied to the commercial distilling industry in bulk format, and are now available in single-use sachets. All High Spirits yeasts are Urea-Free!

Manufactured by Brewhaus in the USA!

All of our Turbo and Specialty Yeasts are designed to ferment a mash of 25 liters.

30001100 **High Spirits Turbo 24, 210g** 4.49
 High Spirits Turbo 24 is our fastest, cleanest fermenting yeast, capable of fermenting 13lbs (6kg) of granulated sugar in a 6.5 gallon (25L) wash in as little as 24 hours. It is extremely temperature tolerant, up to a liquid temperature of more than 100F, although it is best kept below 100F during fermentation.

30001110 **High Spirits Turbo 48, 175g** 3.29
 30001111 **Bulk, 38.9lbs 299.00**
 High Spirits Turbo 48 can ferment to 14% in as little as two days, or up to 18% in as little as 4-5 days. It uses an extremely temperature tolerant and low-volatile producing yeast strain for fast, clean fermentation.

30001120 **High Spirits Fruit & Schnapps Pot Distilling Turbo Yeast, 67g** 2.99
 30001121 **Bulk 13.4kg 395.00**
 High Spirits Fruit & Schnapps Pot Distilling Turbo Yeast is a high flavor and aroma yielding yeast strain combined with a special formulation of micro and macro nutrients, vitamins, and minerals deficient in most fruit washes. The result is a fast, complete fermentation with a strong flavor profile, ideal for schnapps and other pot distilled spirits.

30001165 **High Spirits Rum Turbo Yeast, 76g** 3.29
 30001166 **Bulk, 40.2lbs 299.00**
 High Spirits Rum Turbo Yeast is specially formulated for the production of rum using a molasses wash. The yeast strain selected is ideal for fermentation of molasses, and the nutrient mix is adjusted to provide just the nutrients, minerals, and vitamins lacking in molasses. This ensures a strong, complete fermentation with maximum rum character, while reducing byproduct production and other contributing off-flavors.

30001180 **High Spirits Grain Vodka Turbo Yeast with Gluco-Amylase Enzyme, 75g** 3.29
 30001181 **Bulk, 34.7lbs 309.00**
 Our Grain Vodka Turbo Yeast is specially formulated for the production of ultra clean vodka using a grain wash. Gluco-amylase enzyme breaks down carbohydrates into fermentable sugars, getting the most alcohol from your grain.

30001190 **High Spirits Whisky Yeast with Gluco Amylase Enzyme, 25g** 3.39
 30001192 **Bulk, 27.8lbs 499.99**
 Our Whisky Yeast uses a specialized whisky yeast strain, combined with micro nutrients and gluco-amylase enzyme for maximum flavor and a strong fermentation. Use of a whisky yeast strain increases congener production, resulting in more flavor and aroma, while the addition of micro nutrients ensures healthy yeast growth and minimum negative byproducts.

30001195 **High Spirits DADY, 500g** 12.99

Turbo Yeast

The Original Prestige

All Gert Strand Turbo Yeasts ferment very effectively. These turbos are all-natural yeasts, and are all in one bag, with the nutrients and the yeast mixed.

All of our Turbos are designed to ferment a mash of 25 liters.

30001060 **Turbo Pure 48 (14-18%)** 5.99
Prestige Turbo Pure 48 will ferment 6-8kg of sugar in a 25L wash in as little as 2 days. Turbo Pure 48 is specially designed for a pure fermentation, and offers the lowest volatile production yeast available plus special anti-volatile producing agents, and a combination of nutrients and minerals for rapid fermentation.

30001000 **Prestige 8kg Turbo** 6.59
Prestige 8kg Turbo Alcohol Yeast offers a clean fermentation up to 18% alcohol in approximately 7 days. With controlled temperature the 8kg Turbo Yeast can ferment to over 20% abv.

30001040 **Black Label Turbo** 4.99
30001041 **Black Label Turbo, 1kg** 39.99
Black Label Turbo 14-17% alcohol yeast ferments extremely cleanly, and can be scaled to large batch fermentation.

30001045 **Black Bull Turbo** 3.79
Black Bull Turbo is a great, low cost turbo yeast that offers fast, clean fermentation at a great price.

30001065 **Rum Turbo Yeast** 4.79
Special yeast strain and nutrient blend for molasses fermentation.

30001080 **Vodka Yeast with AG and nutrients** 5.99
Real Distillery Vodka Yeast with Amyloglucosidase. Also includes nutrients and minerals missing from many grain mashes, but necessary for clean, complete fermentation.

30001090 **Whisky Yeast with AG** 6.89
Real Distillery Whisky Yeast with Amyloglucosidase.

Additives

30002000	Distiller's Nutrients for non-turbo yeast, 500g	14.95
30002010	Diammonium Phosphate (DAP), 1lb	5.49
30002050	Pectolase Enzymes for fruit mash, 2oz	2.79
30002060	Amylase Enzyme, 2oz	2.49
30002061	Amylase Enzyme, 1lb	16.95
30002070	Gluco-Amylase, 2oz	2.49
30002071	Gluco-Amylase, 1lb	16.95

30002100	Clearing Agent- Kieselsol / Gelatin, for 20-25L of wine	3.29
30002200	Glycerin- 4oz	4.99
30002205	Glycerin- 16oz	13.99

30002410	Brewhaus Equipment Cleaner, 2oz	2.29
30002420	Brewhaus Equipment Rinse, 2 oz	1.99
30002421	Brewhaus Equipment Rinse, 1.1 LBS	12.95
30002450	Anti-foam agent, 2 fl oz	6.29
30002455	Anti-foam agent, 16oz	42.95

Mashing Additives

Gypsum is used to increase the hardness of mash water for grain brewing.

30002300	Gypsum, 2oz.	0.99
----------	--------------	------

Citric Acid is used to increase the acidity of wine must or mash water for grain brewing.

30002310	Citric Acid, 2oz.	1.49
----------	-------------------	------

5.2pH Adjuster will adjust the pH of your mash to a pH of 5.2, regardless of the starting pH. This eliminates the need for testing and adjusting the acidity of the mash water, making all-grain brewing a much easier process.

30002350	5.2 pH Adjuster	15.95
----------	-----------------	-------

Brewing Supplies

Brewing / Distilling Grains

30005100 2-Row Pale Malt, Schreier, 5 lbs.	7.39
30005101 2-Row Pale Malt, Schreier, 50 lbs.	64.99
30005115 Distiller's Malt, 5lbs	6.99
30005116 Distiller's Malt, 50lbs	64.99

Winter Wheat is the exclusive grain used in virtually all of the "Ultra-Premium" vodka's. What Malt can be used as the enzyme source when used with Flaked Wheat to produce vodka, and also as an adjunct in brewing Wheat Beer.

30005120 White Winter Wheat (Malted), 5 lbs.	7.59
30005121 White Winter Wheat (Malted), 50 lbs.	67.99

Flaked adjuncts are pre-gelatinized and mash-ready.

30005200 Flaked Corn (Flaked Maize), 5 lbs.	8.99
30005201 Flaked Corn (Flaked Maize), 50 lbs.	84.99
30005210 Rolled Rye, 5 lbs.	7.69
30005211 Rolled Rye, 50 lbs.	69.99
30005220 Flaked Wheat, 5 lbs.	7.59
30005221 Rolled Wheat, 50 lbs.	67.99

Aging Supplies

Oak Products

30007000 Oak Chips, Medium Toast, 1 lb.	4.99
30007010 Oak Chips, Heavy Toast, 1 lb.	4.99

Our Oak Stix are approximately 6.5"x2.5"x0.5". The larger format results in less astringency, producing a more mellow, smoother character. Oak Stix can also be easier for the home user to char for use in making whisky.

30007020 Oak Stix, Balanced Toast, 6 stix (approx. 1 lb.)	6.99
---	------

Oak Kegs

Premium Kegs

Our Premium kegs are custom made for Brewhaus by one of the world's finest barrel producers. We use heavier staves made from American Oak, and offer either toasted or fully charred versions. The workmanship of these kegs is considerably higher than most oak kegs, and will outlast and outperform most oak kegs for aging. The Premium Kegs are not only beautiful as a display barrel, but can also function as an aging barrel for wines and spirits. Our Premium Kegs are finished with food grade stain, and include a finished wooden stand and pewter spigot. Made in Spain by a commercial barrel producer.

Charred Kegs are intended for aging of spirits

Toasted Kegs are used for aging of wine or some rums

30008000 Oak Keg Set, 2L, Charred	109.99
30008005 Oak Keg Set, 2L, Toasted	109.99

30008035 Oak Keg Set, 16L, Toasted	179.99

Distilling Supplies

For those living in free countries, activated carbon is used to purify alcohol from off taste and smell. For our other customers, activated carbon is used to purify the water for wine and beer making, etc., before fermentation begins. Wine and beer consist mostly of water, and a good tasting water is important for a good product. There are over 200 brands of activated carbon on the market. Only the best have been selected.

40001020 Activated Stone Carbon- Premium, 1.7L, 0.4-0.85mm	8.99
40001021 Activated Stone Carbon- Premium, 0.4-0.85mm, 12.5kg	109.99

Distilling Supplies

Raschi Rings are made of ceramics and have a very large surface area. They are used as heat distributors in boiling or column-filling the reflux distilling apparatus.

40003000 Raschig Ring, ceramic 1L, 6x6mm 10.99

40003005 Raschig Ring, ceramic 0.5L, 6x6mm 6.99

Copper mesh makes an excellent column packing due to its very high surface area, with the combined benefits of adding copper to the distillation column. Widely known as "Structured Packing", it is not truly structured packing, but more of a glorified random packing.

40004555 1" Male NPT Plug 3.95

Distilling Supplies

These high quality testing instruments are manufactured in Germany by Widder. Our German products are more precise than those that are regularly scaled. The 30cm Alcoholmeter is a 0-100% instrument, and our 30-60% instruments are even more precise, with finer graduations.

40005005 Alcoholmeter, 0-100% 30cm	6.49
40005020 Alcoholmeter, 30-60% with thermometer- professional quality	16.95

Our hydrometers are of laboratory quality, and are not generally sold in home brew shops. While a laboratory hydrometer is more expensive, it gives a very accurate reading. Made by Widder, Germany.

40005105 Hydrometer, 30cm, dual scale, Premium	6.49
--	------

WS0001 Test Pack	16.99
------------------	-------

All instruments are of laboratory quality. The accuracy and quality of our instruments are excellent, usually far better than those sold in home brew shops. Made by Widder, Germany.

40005200 Measuring Cup, 10-40ml	0.25
40005215 Test Cylinder, Glass, 13"	7.29
40005210 Measuring Cylinder, 250ml	9.99

40005500 Laboratory Thermometer, 0°F-230°F, -20°C-110°C	6.99
40005505 Floating Thermometer, 12"	6.95
40005510 Thermometer- Stick-on, 5" long	1.49
40005530 Digital Thermometer	9.95
40005540 Stainless Steel Solar Digital Thermometer with 1/2" NPT Fitting, Fahrenheit	74.99
40005541 Stainless Steel Solar Digital Thermometer with 1/2" NPT Fitting, Celsius	74.99
40005550 Sleeve for thermometer with 3/16" hole (for laboratory thermometer)	0.69
40005555 Sleeve for thermometer with 1/8" hole (for digital thermometer)	0.59
40005600 pH Meter	29.95
40005700 Stainless Steel Parrot	89.99

Fermentation Equipment

Starter Kits

40006000	Starter Kit- Bronze	69.99
	32L Fermenter, Stick-on Thermometer, 3-pc Airlock, Spoon, Stainless Steel Siphon, 2- Turbo Pure 48, 2- 10g Sparkoloid, 30cm Alcoholmeter, 30cm Oeschlemeter/Hydrometer, 13" Test Cylinder, Brewhaus Equipment Cleaner, Brewhaus Equipment Rinse	
40006010	Starter Kit- Silver	79.99
	32L Fermenter, Stick-on Thermometer, 3-pc Airlock, Spoon, Stainless Steel Siphon, 2- Turbo Pure 48, 2- 10g Sparkoloid, 30cm Alcoholmeter, 30cm Oeschlemeter/Hydrometer, 13" Test Cylinder, Brewhaus Equipment Cleaner, Brewhaus Equipment Rinse, Distillery Grade Activated Carbon	
40006020	Starter Kit- Gold	139.99
	32L Fermenter, 3-pc Airlock, Spoon, Stainless Steel Siphon, 2- Turbo Pure 48, 2- 10g Sparkoloid, 30cm Alcoholmeter, 30cm Oeschlemeter/Hydrometer, 13" Test Cylinder, Brewhaus Equipment Cleaner, Brewhaus Equipment Rinse, 1.7L 0.4-0.85mm Activated Stone Carbon, Filter Unit, Funnel	

40007000	30L Fermentation Bucket (hole in lid)	21.99
40007050	Airlock, 3-Piece	0.99
40007150	PE Foam, per foot (24" wide x 1/8")	0.99
40007220	Brew Belt	19.99
40007230	FermHeater- Stainless Steel Heater, 68F-93F	37.99
40007210	110V Amazing Still Heater	69.95
40007310	Plastic Spoon	4.99
40007300	Ultimate Siphon	19.99
40007305	Stainless Steel Siphon with PVC Tubing	12.99

Bottles

Brewhaus works directly with one of the world's largest glass producers to bring you high quality liquor bottles at excellent prices. Liquor bottles are unavailable virtually anywhere else, forcing most people to resort to wine bottles for their homemade liquor and liqueur. Finally, you can proudly display your product in appropriate bottles.

50001000	750ml Liquor Bottle, Flint, 12/case	18.95
50001005	750ml Square Liquor Bottle, Flint, 12/case	22.95
50001010	750ml Tequila Bottle, Flint, 12/case	22.95
50001012	750ml Square Gin Bottle, Flint, 12/case	28.95
50001020	750ml Mexican Cream, Clear, 12/case	22.95
50001050	1L Liquor Bottle, Flint, 12/case	20.95
50001060	1.5L Liquor Bottle, Flint, 6/case	19.95
50001100	375ml Liquor, Flint, 12/case	10.95
50001105	375ml Flask, Flint, 24/case	27.95
50001110	250ml Flask, Flint, 24/case	19.95

50002000	28mm Screw Cap- Long Black Plastic, 12/pk	3.29
50002010	28mm Screw Cap-Short Black Plastic, 12/pk	2.79
50002020	30mm Screw Cap- Black, 12/pk	6.99
50002030	T-Cork, Natural Cork with plastic top, 12/pk	4.99

Distillation Units

All of our Essential Extractor distillers and columns are hand-built by Brewhaus. We take great care in our production methods, and use only cutting and welding equipment specifically for use with stainless steel, and laser well most parts to ensure the highest quality, longest lasting equipment on the market!

80001000 **Essential Extractor Pro Series II- Complete** 499.99 w/8 Gallon Kettle
 The Essential Extractor comes complete, with kettle, column, condenser, all hoses with clamps, laboratory grade thermometer with bung,, submersible pump, Water Control System, and your choice of column filling.

80001001 **Essential Extractor PSII Keg Kit**
 All of the equipment in our complete PSII kit, less the kettle- ready to attach to a standard US beer keg

80001005 **Essential Extractor Pro Series II- Column** 239.99
 Pro Series II Column includes 2 Tri-Clamps, 2 gaskets, and 1 O-Ring for attaching to a standard US beer keg.

80001100 **Essential Extractor Pro Series II High Capacity Complete** 659.99 w/8 Gallon Kettle
 Our Pro Series II High Capacity unit is capable of distilling at over twice the speed of the regular Pro Series II system, while maintaining the highest possible purity. This is a semi-commercial unit and requires greater heat input for operation. The unit comes complete.

80001101 **Essential Extractor Pro Series II High Capacity Keg Kit** 539.99
 Our Pro Series II High Capacity Keg Kit includes all of the items in our Complete unit, but with a 3" to 2" Tri-Clamp Reducer, 2" Tri-Clamp, and O-ring for Keg instead of our kettle. This allows you to attach our HC unit directly to a beer keg, without having to purchase all of the components separately.

80001105 **Essential Extractor Pro Series II High Capacity- Column** 329.99
 Pro Series II High Capacity Column includes 2 Tri-Clamps and 2 gaskets. Reducer for attaching directly to a standard US beer keg available on request.

80001200 **Essential Extractor Pot Still- Complete** 409.99 w/8 Gallon Kettle
 Pot Still System uses an 18" tall column. Excellent for traditional distillations! System comes complete.

80001205 **Essential Extractor Pot Distiller Column** 139.99
 Pot Still Column includes 1 Tri-Clamp, 1 gasket, and 1 O-Ring for attaching to a standard US beer keg.

80001210 **Essential Extractor High Capacity Pot Column**

80001300 **Essential Extractor Gin Series- Complete** 579.99 w/8 Gallon Kettle
 A 2" reflux column with built in Gin Basket for direct infusion of spirits. Includes all hoses, clamps, etc.

80001301 **Essential Extractor Gin Series Keg Kit**
 All of the equipment in our complete Gin Series kit, less the kettle- ready to attach to a standard US beer keg

80001305 **Essential Extractor Gin Series Column** 299.99
 A 2" reflux column with built in Gin Basket for direct infusion of spirits. Includes bung and laboratory thermometer.

80001310 **Essential Extractor Gin Series- High Volume- Complete** 779.99 w/8 Gallon Kettle
 A 3" reflux column with built in Gin Basket for direct infusion of spirits. Includes all hoses, clamps, etc.

80001311 **Essential Extractor Gin Series- High Volume Keg Kit**
 All of the equipment in our complete HV Gin Series kit, less the kettle- ready to attach to a standard US beer keg

80001315 **Essential Extractor Gin Series- High Volume- Column** 399.99
 A 3" reflux column with built in Gin Basket for direct infusion of spirits. Includes bung and laboratory thermometer.

Distillation Units

80001350	4" Complete Flute System with Copper Bubble Plates, 4 section A 4" 'Flute' style column with Copper Bubble Plates (not perforated discs) and large 3" sight glasses. Individual sections make cleaning a breeze, and allow for setup with as few or as many sections as you want. Includes built-in parrot with valved drain and heavy-duty 'shotgun' condenser. Complete system with kettle, hoses, etc.	1999.99 w/15 gallon Kettle
80001355	4" Complete Flute System with Copper Bubble Plates, 6 section Our complete 4" Flute system with 6 bubble sections. Taller for better reflux distillation.	2299.99
80001351	4" Flute Column with Copper Bubble Plates, 4 section A 4" 'Flute' style column with Copper Bubble Plates (not perforated discs) and large 3" sight glasses. Individual sections make cleaning a breeze, and allow for setup with as few or as many sections as you want.	1499.99
80001356	4" Flute Column with Copper Bubble Plates, 6 section Our 4" Flute column with 6 bubble sections. Taller for better reflux distillation.	1799.99
80001372	4" Bubble Plate add-on section An individual add-on section for our 4" Flute style Bubble-Plate column. Includes stainless steel add-on section with window, copper bubble-plate, gasket, and tri-clamp	199.99
80001340	3" Complete Flute System with Copper Bubble Plates, 4 section	1499.00
80001341	3" Flute Column with Copper Bubble Plates, 4 section	1149.00
80001345	3" Complete Flute System with Copper Bubble Plates, 6 section	1699.00
80001346	3" Flute Column with Copper Bubble Plates, 6 section	1369.00
80001371	3" Bubble Plate add-on section	139.99
80001330	2" Complete Flute System with Copper Bubble Plates, 4 section	1299.00
80001331	2" Flute Column with Copper Bubble Plates, 4 section	999.00
80001335	2" Complete Flute System with Copper Bubble Plates, 6 section	1479.00
80001336	2" Flute Column with Copper Bubble Plates, 6 section	1099.00
80001370	2" Bubble Plate add-on section	99.99

Distillation Units

80001360	4" Complete Sight Glass Distiller- 4 Plate A 4" 'Flute' style column with Copper Bubble Plates (not perforated discs), encased in a glass column. Additional bubble plate sections can be added for additional height. Includes built-in parrot with valved drain and heavy-duty 'shotgun' condenser. Complete system with kettle, hoses, etc.	1999.99 w/15 gallon Kettle
80001365	4" Complete Sight Glass Distiller- 6 Plate Our complete 4" Sight Glass system with 6 plates. Taller for better reflux distillation.	2299.99
80001361	4" Sight Glass Column- 4 Plate A 4" 'Flute' style column with Copper Bubble Plates (not perforated discs), encased in a glass column. Additional bubble plate sections can be added for additional height. Includes built-in parrot with valved drain and heavy-duty 'shotgun' condenser.	1599.99
80001366	4" Sight Glass Column- 6 Plate Our 4" Flute column with 6 bubble sections. Taller for better reflux distillation.	1899.99

Extras

80001380	Gin Basket- 2" with clamp and gasket	89.99
80001381	Gin Basket- 3" with clamp and gasket	99.99
80001382	Gin Basket- 4" with clamp and gasket	89.99
80001390	Essential Extractor Thumper for 8 gallon kettle	139.99
80001391	Essential Extractor Thumper for 15 gallon kettle	179.99
80001395	Condenser Add-on	56.99
80001396	2" Kettle Connection Add-on	39.99
80001397	3" Kettle Connection Add-on	43.99
80001398	4" Kettle Connection Add-on	45.99

80001410	8 Gallon Premium Essential Extractor Kettle	239.99
80001430	15 Gallon Premium Essential Extractor Kettle Kettles include 2" or 3" Tri-Clamp Ferrule. Add \$9.00 for 2" Male NPT Fitting. Other fittings available on request.	299.99

80001442	Spare Lid for Premium Kettle- with Gasket- 2" Ferrule	41.99
80001444	Spare Lid for Premium Kettle- with Gasket- 3" Ferrule	45.99
80001446	Spare Lid for Premium Kettle- with Gasket- 4" Ferrule	49.99
80001448	Spare Lid for Premium Kettle- with Gasket- 2" Male NPT	49.99

80001500	Hose Pack for Pro Series II Hose Pack contains: all PVC hoses for Essential Extractor Pro Series II, Chemical Tolerant distillate hose, E-Z Clamps and Brass Hose Fitting, Laboratory Thermometer with bung, Column Filling (Copper Mesh or Ceramic Raschig Rings)	64.99
80001505	Hose Pack for High Capacity	139.99
80001510	Hose Pack for Bubble Plate Column	94.99

Distillation Equipment

Heat Sources

80004010	Band Heater, Stainless Steel- 1500W	89.99
80004020	StillHeater- Cartridge Heater with 1" NPT fitting- 1500W	69.99
80004025	Stainless Steel Nut & Gasket for StillHeater	3.95
80004050	Heater Controller- 100V / 220V	89.99
80004100	Submersible Water Pump	39.99
81002500	Bung, #10.5	6.99
81002510	Bung, #13.5	16.99

Miscellaneous

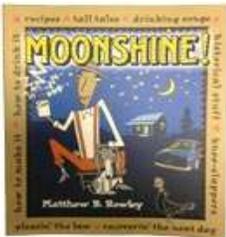

- 70001025 **Distiller's Guid to Rum** 27.95
 Distiller's Guide to Rum brings you the story of rum and how it is made, the ingredients, equipment and processes used to make rum; the lubricious effects of barrel aging, and the various ways that it is done. And, a step-by-step description on how to distill and age rum— including a recipe.

- 70001000 **The Home Distillation Handbook** 15.95
 describes how to make alcoholic spirits at home. NOTE: This process is illegal in North America, however, the construction of a distillation apparatus following the directions in the book is not, and the information can be read in all democratic countries. The information given in the book is not intended to encourage the manufacture of alcohol. Possibly the best book written on the subject, it describes in detail how you can make your own spirits.

- 70001010 **Making Pure Corn Whiskey, Second Edition** 24.95
 Gives a thorough treatment of the history and the methods of making whiskey, and explains how to make a high-separation fractionating still to distill it with. This is the book the home distiller needs to learn how to "make the cut", that elusive skill that makes the difference between making real whiskey and just flavouring alcohol. This process is also used to make real rum, brandy, and schnapps.

- 70001015 **Moonshine!** 14.95
 A fantastic and fun to read book, with an in-depth look at the history of moonshining from the beginning all the way to present day. This book also outlines the basic process from fermentation through to pot distillation, along with a how-to on building a traditional type pot distiller. A number of traditional recipes for Whisky, Rum, Schnapps, and more.

- 70001017 **The Joy of Home Distilling** 12.95
 The first truly A-Z distilling book, The Joy of Home Distilling is a complete guide for beginner and intermediate distillers. Readers will learn about every facet of distilling, from yeast styles and nutritional requirements to the different methods of distillation and equipment, and post-distillation processes. Author Rick Morris, who has been selling distillation equipment for years, even includes his own recipes for different types of spirits and drink recipes.
